# Nutrition with CKD doesn't have to be Overwhelming

Advice online contradicting and confusing?  
Struggling to find foods that work with  
your diet?

Labs not improving?

**PRINE's Kidney Care  
Management Program can help**

# 1:1 Private Coaching

- Our Care Managers at PRINE can help you find a diet and kidney-friendly plan that suits your specific needs, based on your labs.
- Monthly Check-in calls to improve quality and decrease gaps in care.
- Improve Kidney Care Literacy with educational classes and resources to help prolong the life of your kidneys.
- Covered by most Insurances.

# What Our Patients Say about PRINE Care

**“So thorough, helpful and friendly!”**

Michael F., 59

**“I am happy we are working on this  
together. I appreciate you and your  
advice!”**

Arnold P., 82

**“It has been a very warm feeling knowing  
someone out there cares about me.”**

Alyce D., 92

**“I really appreciate your phone calls and  
care.”**

Mark K., 72
